GRADE 12 CAPSTONE PRESENTATIONS

The Grade 12 students have worked hard on their capstone projects all year, putting their best effort into every detail. Please mark your calendar and attend their presentations on Friday, May 10th at 7 pm. It is an excellent opportunity to witness their dedication and creativity.

Additionally, Abigail Stewart is leading a cancer awareness night in the gym as part of her capstone project this weekend. The event is scheduled for this Saturday, April 27th, at 7 pm. The entire school community is warmly invited to attend and support her capstone.

These events are a fantastic opportunity to rally behind our graduating students and show our support.

SAMURAI HELMETS

The Grade 7/8 class showcased their creativity by designing customized samurai helmets that were truly remarkable! These masterpieces were displayed in the foyer, and their sheer ingenuity and flair drew in everyone who walked by!

GRADE 7/8 HANDMADE MARKET

The Handmade Market organized by the Grade 7/8 students was a huge success. We want to express our gratitude to everyone who personally attended the event and purchased items or sent their child to school with money to buy something. It was a crazy but awesome event that sold out all the items by 11:00. However, it was disappointing to turn away those who arrived after 11 and inform them that everything had already been taken. We congratulate the Grade 7/8 students who put in their best efforts and did a fantastic job!
